### LEGISLATIVE DEPARTMENT.

The following Bill and Statement of Objects and Reasons accompanying it are, under the 19th of the Rules for the Conduct of Business at Meetings of the Council of the Governor General of India for the purpose of making Laws and Regulations, published for general information by order of His Excellency the Governor General :—

*A Bill to regulate the administration of Civil and Criminal Justice, and the superintendence of Police and Conservancy within the limits of Military Cantonments.*

WHEREAS it is expedient to make provision for regulating the administration of Civil and Criminal Justice and the superintendence of Police and Conservancy within the limits of Military Cantonments in the Presidency of Port William in Bengal, and for laying down local Rules and Regulations to be enforced within such limits; It is enacted as follows :—

I. When any person shall be invested with the powers of a Magistrate within the limits of any Military Cantonment who is not the Magistrate of the District in which such Cantonment is situate, such person shall be styled the Cantonment Magistrate, and within the limits of such Cantonment shall, subject to the control of the Magistrate of the District in which such Cantonment is situate, exercise the powers of a Magistrate under the Code of Criminal Procedure as defined in the said Code, for the purpose of disposing of all cases arising within such Cantonment which the Magistrate of a District may dispose of, and for the commitment for trial before the Court of Session of the District or place in which such Cantonment is situate, of any person charged with any offence which a Magistrate is not competent to try, or for which the person charged shall appear to deserve a more

severe sentence than a Magistrate is competent under the said Code of Criminal Procedure to award.

II. The sentences and orders passed by a Cantonment Magistrate under the preceding Section shall be open to appeal.

to appeal to the Court of Session of the District or place in which such Cantonment is situate, under the Rules contained in the said Code of Criminal Procedure in respect of appeals from sentences and orders passed by the Magistrate of a District.

III. In the Territories not subject to the general Regulations of the Bengal Code, the commitments and appeals in Non-Regulation Provinces.

made by such Cantonment Magistrate shall be made to such Court as shall in such Territories exercise the powers of a Court of Session as defined in the said Code of Criminal Procedure, and appeals from the sentences or orders of Cantonment Magistrates in such Territories shall lie to such Court. Provided that, if any person be invested with the powers of a Cantonment Magistrate within the

limits of any Cantonment situated in any District or place in which there is no person exercising the powers of a Court of Session, the Governor-General in Council may direct that the commitments made, and the appeals from the sentences and orders passed, by such Cantonment Magistrate shall be heard and determined by the Court of Session nearest to such Cantonment, and such commitments and appeals shall be heard and determined by such Court in the same manner as if the commitments had been made, or the sentences or orders appealed from had been passed, by a Magistrate within the jurisdiction of such Court of Session.

IV. The sentences and orders passed by a Court of Session, or by a Court exercising the powers of a Court of Session under the last preceding Section, shall be open to appeal or reference to, or shall be subject to revision by, the highest Court of Criminal appeal in the Territory or place in which the said Court of Session or Court exercising the powers of a Court of Session is situated.

under the rules contained in the Code of Criminal Procedure, in the same manner as other sentences and orders passed by such Court are open to appeal or reference to, or are subject to revision by, the said highest Court of Criminal Appeal.

V. Act III of 1859 (for conferring Civil jurisdiction in certain cases upon Cantonment Joint Magistrates, and for constituting those Officers Registers of Deeds) shall

VI. The Cantonment Magistrate shall, within the limits of the Cantonment to which he is appointed, exercise in subordination to the Inspector-General of Police appointed under Act V of 1861 (for the Regulation of Police) all the powers which are vested by the said Act in a District Superintendent of Police, and shall in all Police proceedings be subject to the general control and direction of the Commanding Officer of such Cantonment, in like manner as the District Superintendent is, under Section IV of the said Act, subject to the general control and direction of the Magistrate of the District.

VII. The Commanding Officer of a Cantonment may send any process requiring service or execution by any means not immediately at his disposal, to the Cantonment Magistrate, for service or execution through the Cantonment Police, and it shall be the duty of the Cantonment Magistrate to serve or execute such process in the same manner as if it had been issued by himself and subject to the same rules.

VIII. It shall be lawful for the local Governments to extend the provisions of Act XX of 1858 (to make better provision for the appointment and maintenance of Police Chowkeydars in Cities, Towns, Stations, Suburbs, and Bazars, in the Presidency of Fort William in Bengal) to any Military Cantonment subject to such Governments respectively, and when the provisions of the said Act have been so extended to any Military Cantonment, and a Cantonment Magistrate has been appointed in such Cantonment, all the powers vested in a Magistrate by that Act shall be exercised by the Cantonment Magistrate, subject only to the control of the Magistrate of the District and the local Government. If there be no Cantonment Magistrate, the Magistrate of the District shall carry out the provisions of the said Act in the same manner as if such Cantonment formed a part of his ordinary jurisdiction. Provided that it shall be lawful for the local Government to order that the said Military Cantonment be divided into any number of Cantonment divisions, and to determine the nature of the tax to be levied in each such division according to Section X of the said Act. IX. From the time when a Cantonment Magistrate shall begin to exercise jurisdiction under this Act, Sections II and III Regulation III. 1809 of the Bengal Code (for the support of the Police in the Cantonments and Military Bazars; for defining the powers of the Civil and Military Officers in the performance of that duty; and for fixing the local limits of the said Cantonments and Bazars), so much of Section XII Regulation XX. 1810 of the said Code (for subjecting persons attached to the Military Establishments to Martial law in certain cases, and for the better Government of the retainers and dependants of the Army receiving public pay on fixed establishments, and of persons seeking a livelihood by supplying the Troops in Garrison, Cantonment, and Station Military Bazars, or attached to Bazars of Corps), as declares that the persons therein mentioned shall be liable to be tried by a Native Court Martial for the offence stated; and Sections XIII, XIV, XV, XVI, XVII, XVIII, and XXI of the said Regulation shall cease to have any effect in such Cantonment.

Provided that no person shall be punished twice for the same offence.

Presidency of Fort William in Bengal, but the provisions of the Act may be extended by order of the Governor-General in Council to any place administered by a Chief Commissioner, or Agent to the Governor-General, under the orders of the Supreme Government, or by order of the Lieutenant-Governor of the North-Western Provinces, or of the Lieutenant-Governor of the Punjab, to any part of the Territories under their Governments, respectively,

not within the said Presidency, or by order of the Governor-General in Council to any place in India not within any of the Presidencies of Fort William in Bengal, Fort St. George, or Bombay, or not under the local Governments of these Presidencies, respectively, or of the Lieutenant-Governor of Bengal, the North-Western Provinces, or the Punjab, in which British Troops are cantoned. Every order issued under this Section shall be published in the Official Gazette.

#### STATEMENT OF OBJECTS AND REASONS.

THE late Lieutenant-Governor of the North-Western Provinces, in a communication dated 10th of January 1862, brought to the notice of the Supreme Government the unsatisfactory condition of the law respecting the office of Cantonment Joint Magistrate, and with a view to its amendment, made several proposals, the chief of which follow:—

1st. That the appointment of Cantonment Joint Magistrate should be constituted by express authority of Law.

2nd. That the Cantonment Police should be under the Cantonment Joint Magistrate, but that, in respect of Police matters, that Officer should stand in the same relation to the Commanding Officer of the Cantonment in which the District Superintendent of Police is declared by Section IV Act V of 1861 to stand to the Magistrate of the District;—explained by His Honor to mean, that the Cantonment Joint Magistrate should be subject in all his Police proceedings to the direction and control of the Commanding Officer of the Cantonment, but that he should be departmentally subordinate to the Inspector-General of Police, in the same manner in which the District Superintendent is subordinate to that Officer.

3rd. That the Cantonment Joint Magistrate should, subject to the supervision of the Commanding Officer of the Cantonment, have jurisdiction in petty cases, for the trial of which Regulation XX. of 1810 provides through the instrumentality of Courts Martial.

4th. That the Cantonment Joint Magistrate should, in subordination to the Magistrate of the District, hold the preliminary investigation in heinous cases arising within the limits of the Cantonment in which he holds his office, and either commit the accused persons to the Sessions, or, when the alleged offences are within the competency of the Magistrate of the District to try, dispose of the case himself.

The late Mr. Ritchie having been of opinion that some legislation was called for, and that several of the recommendations of the late Lieutenant-Governor might be advantageously adopted, a draft Bill was subsequently prepared by the Hon'ble Mr. Harington, embodying these suggestions, and was submitted to His Excellency the Commander-in-Chief, and to the Government of India in the Military Department. That Bill has since been re-considered with a view to making it applicable to a variety of matters requiring regulation within Military Cantonments, and the present Bill, though embodying many of the provisions of the former one, may be regarded as substantially new.

As now drawn, the Bill substitutes the designation "Cantonment Magistrate" for "Cantonment Joint Magistrate," and by this alteration, certain legal difficulties connected with the manner in which the office has heretofore been constituted and occupied will, it is thought, be got rid of. In its earlier Sections, the Bill defines the jurisdiction of the Cantonment Magistrate.

Section I describes the Judicial powers of a Cantonment Magistrate; and Section II gives an appeal from his sentences and orders to the Court of Session of the District or place in which the Cantonment is situated.

Section III is framed to meet the case of Cantonments situated in Non-Regulation Provinces, or places in which there are no persons exercising the powers of a Court of Session; and Section IV provides that sentences and orders passed by a Court of Session, or a Court acting under the last preceding Section, shall be open to appeal or revision.

Section V constitutes Cantonment Magistrates Registers of Deeds; and Section VI provides for their exercising the powers vested in the District Superintendent of Police, under the general direction and control of the Commanding Officer of the Cantonment, in the same manner in which a District Superintendent is ordinarily controlled by the Magistrate of the District. The Commanding Officer is empowered by Section VII to have process served and executed in certain cases through the agency of the Cantonment Magistrate; and Section VIII enables the local Governments to extend to Military Cantonments the provisions of Act XX of 1856.

Sections X to XVII permit the local Government to make Rules on certain subjects which urgently require regulation within Military Cantonments, and they provide the means, and prescribe the manner, of carrying these rules into operation. Considerations of sanitary reform led originally to the preparation of these Sections, but the opportunity has been taken to give the local Government power to regulate other matters on which rules are much needed,—e.g. the resumption of Government land occupied by individuals, the acquisition of houses for Officers' quarters, and the transfer of property generally.

Section XVIII is intended to save all strictly Military Authority, and to prevent any conflict of jurisdiction between the Commanding Officer and the Cantonment Magistrate; and Section XX prevents the Commissioner of the Division from interfering with the Cantonment Magistrate when exercising his powers under this Act. Section XIX permits the appointment of Subordinate Cantonment Magistrates.

In consequence of the supposed legal difficulties mentioned above, it has been thought desirable to give validity in Section XXI to all past acts of Cantonment Joint Magistrates.

The measure applies primarily to the Presidency of Fort William in Bengal, but may be extended to other Territories by their Governments.

No. 68A. of 1863.—His Excellency the Viceroy and Governor General of India having decided that the Home system of District and Station Artillery Commands shall, as far as practicable, henceforward obtain in India in supersession of the present system, the following Rules are laid down for observance at the three Presidencies, and will take effect from the respective dates on which the provisions of this order may be carried out at the several Stations.

2. The Artillery serving in each Division and separate District of the Army will comprise an Artillery Divisional or District Command.

3. The Head-Quarters of only one Brigade of Artillery will be located in each Division or District, and the Artillery Command of the Division or District will be exercised by the Officer Commanding the Artillery Brigade without extra emolument.

4. When it shall happen that in any Army Division or separate District there shall not be the Head-Quarters of any Brigade of Artillery, then the Artillery Divisional or District Command will be held by a selected Field Officer, who will receive a Command allowance of Rupees (300) three hundred when the strength of the Artillery under his Command shall equal three Batteries, and an allowance of Rupees (200) two hundred when the Artillery shall consist of two Batteries.

These rates of Command allowance will be granted whether the Batteries are or are not of the same Brigade.

5. Officers Commanding Artillery in Divisions or separate Districts will be responsible for the efficient condition of all the Artillery within their Command, and will ordinarily be required to inspect every Battery once during each half-year,

under such instructions as may be issued by the Commander-in-Chief.

6. During their inspections travelling allowance at the usual rate\* will be admitted to Divisional or District Commanders, and also to their Staff Officers if the Commander-in-Chief shall direct that the Divisional or District Adjutants shall accompany their Commanding Officers on these occasions.

7. It is to be distinctly understood that during the absence of the Commander and his Staff from the Head-Quarters of the Division or District no extra expense will be sanctioned on account of Command or any other allowances.

8. The Adjutants of Brigades will perform also the Divisional or District duties, receiving an extra allowance of Rupees (20) twenty per mensem.

10. In the event of there being only one Battery or less than two Batteries serving in any Division or District of the Army, no Command allowance or Staff allowance for an Adjutant will be sanctioned.

11. Officers Commanding Artillery Divisions or Districts will ordinarily, twice in each year, inspect the Arsenals, Magazines, and Ordnance Depôts, and also the Ordnance Mounted in any Forts situated within their Commands.

They will, however, have no authority over Officers of the Ordnance Department, and their duty will be confined to reporting any deficiencies for the information of the Commander-in-Chief.

His Excellency will, if considered necessary, bring the points reported upon under the notice of the Government.

12. The Artillery at each Garrison, not being the Head-Quarters of a Divisional or District Command, will be commanded by the Senior Officer, and his Command will be designated an Artillery Station Command.

13. If the Command shall consist of two or more Batteries not of the same Brigade, a Command allowance of Rupees (200) two hundred a month will be granted.

This allowance is only admissible to a Regimental Field Officer.

14. If the Batteries at any such Garrison shall belong to the same Brigade, the Station Artillery Command will be exercised by the Senior Regimental Officer of whatever rank, and no remuneration will be granted.

WHEREAS great inconvenience is occasioned in the administration of Criminal Justice, by reason of the House of Correction in Calcutta not having sufficient accommodation to contain all the prisoners from time to time sentenced to be there confined for divers offences, and it is desirable that the Judges of Her Majesty's High Court of Judicature at Fort William in Bengal, and the Justices of the Peace and Magistrates of Police for the Town of Calcutta, should be empowered to send prisoners to the Great Jail of Calcutta, as well as to the House of Correction; and whereas also it is desirable that the Government of Bengal should have power, in cases of over-crowding, sickness, or the like, to order the transfer of prisoners from the Great Jail to the House of Correction, and vice versa; It is enacted as follows:—

I. Sections XLVII, XLVIII, XLIX, L, LI, and LII, of Act XVIII of 1842 (to repeal Act XVI of 1842) repealed in 1852 in those parts of British India in which the Indian Penal Code is in force, and to re-enact some of the provisions thereof with amendments, and further to improve the administration of Criminal Justice in Her Majesty's Supreme Courts of Judicature, are hereby repealed, so far as they are applicable to, or have effect in, the Presidency of Fort William in Bengal, except as to any persons sentenced before the passing of this Act to rigorous imprisonment, or to imprisonment with hard labor, or to solitary confinement.

II. Whenever any person shall be sentenced by Her Majesty's High Court of Judicature at Fort William in Bengal to rigorous imprisonment, or to imprisonment with hard labor, or to solitary confinement, it shall be lawful for the Judges or Judge of the said Court to direct such person to be imprisoned either in the House of Correction, whether such House of Correction be under the control of the Sheriff or not, or in the Great Jail, as to them or him shall seem fit.

III. Whenever any person shall be sentenced by the said High Court to transportation, or penal servitude, such person may, at the discretion of the Judges or Judge of the said Court, be kept in the House of Correction, whether such House of Correction be under the control of the Sheriff or not, or in the Great Jail, as the place of intermediate custody.

IV. The Sheriff shall cause any person directed under either of the last two preceding Sections to be imprisoned or kept in the House of Correction, to be delivered to the Officer in whom the control of the House of Correction is vested, or to the Keeper of such House of Correction, together with a warrant to be signed by a Judge of the said High Court authorizing the detention of such person. Such Officer or Keeper shall be bound to receive the person so delivered over to his custody, and shall be responsible for the safe custody of such person.

V. All Constables and Police Officers are hereby empowered to aid and assist the Sheriff in carrying to the House of Correction any person sentenced as aforesaid.

VI. The Sheriff shall be absolved from all responsibility, in respect of the custody of any person sentenced as aforesaid to be imprisoned or kept in the House of Correction, from the time such person shall be delivered to the custody of the Officer in whom the control of the House of Correction is vested, or to the Keeper of such House of Correction.

VII. Whenever any person shall be sentenced by a Justice of the Peace or Magistrate of Police for the Town of Calcutta, to rigorous imprisonment, or imprisonment with hard labor, for any offence committed within the local limits of the ordinary original Civil jurisdiction of the said High Court, the person so sentenced may be committed by such Justice of the Peace or Police Magistrate either to the custody of the Officer in whom the control of the House of Correction is vested, or of the Keeper of the said House of Correction, whether such House of Correction be under the control of the Sheriff or not, or to the custody of the Sheriff, as to such Justice of the Peace or Police Magistrate shall seem fit. If the person so sentenced is committed to the custody of the Officer in whom the control of the House of Correction is vested, or the Keeper of the House of Correction, such Officer and Keeper shall be responsible for the safe custody of such person: if the person so sentenced is committed to the custody of the Sheriff, the Sheriff shall be responsible for his safe custody.

VIII. If it shall at any time appear to the Lieutenant-Governor of Bengal that, by reason of sickness, over-crowding, or any other cause, it is necessary or desirable that any prisoner under sentence of imprisonment in the House of Correction should be transferred to the Great Jail, or that any prisoner under sentence of imprisonment in the Great Jail should be transferred to the House of Correction, it shall be lawful for the said Lieutenant-Governor to order the transfer of such prisoner, and the prisoner shall thereupon be transferred in the manner hereinafter provided for carrying out the transfer.

If the order be for the transfer of a prisoner from the Great Jail to the House of Correction, the Sheriff shall cause the prisoner to be delivered to the Officer in whom the control of

the House of Correction is vested, or to the Keeper of the House of Correction, together with the original warrant authorizing the detention of such prisoner, and the order of the Lieutenant-Governor of Bengal signed by a Secretary to the Government of Bengal ordering his transfer. Such Officer or Keeper shall be bound to receive the person so delivered over to his custody, and shall be responsible for his safe custody. If the order be for the transfer of a prisoner from the House of Correction to the Great Jail, the Officer in whom the control of the House of Correction is vested, or the Keeper thereof, shall cause the prisoner to be delivered to the Sheriff, together with the original warrant authorizing the detention of such prisoner, and the order of the Lieutenant-Governor of Bengal signed by a Secretary to the Government of Bengal ordering his transfer. The Sheriff shall be bound to receive the person so delivered over to his custody, and shall be responsible for his safe custody.

IX. And whereas certain persons under sentence of imprisonment in the House of Correction have recently been on divers occasions transferred from the House of Correction to the Great Jail, and from the Great Jail to the House of Correction: it is hereby declared, that such transfers respectively shall be held to be, and at all times to have been, legal in all respects; and that the said persons now are, and always have been, and shall continue to be until the expiration of the period of their sentences respectively, in lawful custody, whether for the time being in the custody of the Sheriff in the Great Jail, or of the Keeper or Officer having the control of the House of Correction, in the House of Correction. Provided that nothing in this Section contained shall be held to render lawful the detention or custody of any prisoner whose detention or custody would have been unlawful irrespectively of such transfer.

which are hereby rescinded.

1. Recommendations of Non-Commissioned Officers desirous of entering the Ordnance Department from Regiments and Brigades of Artillery are to be forwarded to the Inspector-General of Ordnance and Magazines, accompanied by a Roll prepared in the form laid down in paragraph 8, Section XLIV, Military Regulations, (the heading being altered to suit the case) to which a Character Sheet is to be attached, and by an application from the candidate which, together with the Roll, should be prepared by himself in the presence of the Officer recommending him, who should certify that they were written without assistance or correction by any other person, and that the candidate has a knowledge of Arithmetic, especially Vulgar and Decimal Fractions.

2. The Roll should also shew that the applicant has read Circular No. 1781A., dated Adjutant General's Office, Calcutta, the 20th September 1861, that he is willing to be transferred to the Unattached List on the conditions specified therein, and to be posted to an Arsenal or Magazine in the grade of Laboratory man. The Roll should be accompanied by a Certificate from the Officer Commanding his Regiment, or if in the Artillery, his Brigade stating his consent to the transfer, and whether there is or is not any Regimental objection to it.

3. The recommendation is further to be accompanied by a Medical Certificate that the applicant is free from bodily infirmity, and likely to prove fit for the duties of the Ordnance Department, which require ability to undergo much bodily exertion and exposure to the weather at all seasons.

4. The above conditions having been fulfilled, and the Roll forwarded to the Inspector-General of Ordnance, as directed in the 1st paragraph, the name of the Non-Commissioned Officer will be placed on the list of candidates in the Office of the Inspector-General of Ordnance, from which, when necessary, he will select and forward to His Excellency the Commander-in-Chief the names of such men as he desires to have placed at his disposal for transfer to the Unattached List and appointment as Laboratory man, from which grade upwards every candidate for Warrant rank must in future pass.

5. When a sufficient period in the grades of Laboratory man and Magazine Sergeant has been passed, which (unless vacancies occur in the Warrant Grades which pressingly require to be filled up) will not be less than one year to admit of the candidate acquiring a knowledge of the general duties of the Department, and a Report being received from the Commissary of Ordnance under whose orders he is serving, of his being so qualified, he will, according to his standing on the roster of candidates, be appointed in General Orders a Probationer for Warrant rank, and will enter on the course of instruction hereafter laid down, with a view to his eventual appointment as Officiating Sub-Conductor of Ordnance when opportunity offers.

6. Rolls of such men now in the Department who are considered likely to prove fit for the Warrant Grade are to be forwarded to the Inspector-General of Ordnance under the Rules laid down in paragraphs 1 and 3 of this Order; and if approved, their names will be placed on the list of candidates, and their probation for Warrant rank commence in due course according to their standing on that list.

A complete knowledge of the Rules for the receipt, issue, condemnation, and conversion of stock.

A sufficient knowledge of the Vernacular for issuing orders and supervising bodies of Native workmen.

8. After being six months under instruction in the duties of a Warrant Officer, (or sooner if the candidate qualifies) the Commissary of Ordnance will examine him on all the points specified, and report accordingly to the Inspector-General of Ordnance through the Deputy Inspector-General of Ordnance, who will cause him to be further tested by working out certain written questions on

9. If the Report is unfavorable, he will revert to his former position in the Arsenal or Magazine, and such reversion will be in like manner duly notified in General Orders by His Excellency the Commander-in-Chief on the recommendation of the Inspector-General.

10. After the lapse of six months (and not sooner in this case) passed in the grade of Officiating Sub-Conductor, a further report will be made as before, but with special reference to the candidate's performance of the duties of a Warrant Officer; and if favorable, he will be permanently appointed Sub-Conductor, his rank reckoning from the date of his officiating appointment.

11. Three Supernumerary Non-Commissioned Stationers for Warrant rank are allowed to be under instruction at the same time; their places in the Arsenal or Magazine, as well as those of absentees on furlough, will be filled up by the appointment of other Non-Commissioned candidates from the post of Laboratory men.

12. Promotion from the rank of Sub-Conductor to that of Conductor will take place in the usual course, provided it can be shown that individuals have not "retrograded either in character

or bodily or mental activity from the period their entrance into the Ordnance Department, and that they have proved themselves capable of satisfactorily holding charge of command parties either by land or water."

13. Recommendation to Government for promotion from the rank of Conductor to that of the senior grade must be accompanied by Medical Certificates, to the effect that the individuals are mentally and physically fit for the duties of the profession in Cantonments and the Field, and by Certificates from the Commissary of Ordnance under whose orders they may be serving, that they are sufficiently active, zealous, and energetic, to ensure their correct performance.

14. The appointment of Second Class permanent Conductors will be made by the Inspector-General on the recommendation of Commissary of Ordnance and the Deputy Inspector-General, and Officers recommending men for these appointments will be held strictly responsible that they possess the qualifications necessary for the efficient performance of the duties required from this class, viz., good Accountants, Penmen, and Readers; good judges of arms, accoutrements, and Ordnance stores generally, and thoroughly conversant with Ordnance details, and with every detail of duty, and be quite capable of holding charge of an Ordnance Depot.

To obtain advancement from the Second to First Class Permanent Conductor, candidates will be required to undergo an examination by the Deputy Inspector-General.

15. The Deputy Inspector-General during his periodical tours of inspection will bring to the notice of the Inspector-General, for the information of Government, any instances when permanent Conductors are found to be deficient in the above qualifications.

16. The Warrant and Non-Commissioned Officers of the Ordnance Department will be entirely under the control and orders of the Inspector-General, and their promotion regulated by him, and of his recommendation will be published in General Orders.

A. G. MACPHERSON,

Off. Depy. Secy. to the Govt. of India,  
Home Department.

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 10th May 1863, and is hereby promulgated for general information:—

Act No. XXV of 1863.

*An Act to empower Judges of the High Court and other Authorities at Fort William in Bengal to direct convicts to be imprisoned either in the House of Correction, or the Great Jail of Calcutta; and to authorize the transfer of prisoners, in certain cases, from the House of Correction to the Great Jail, and from the Great Jail to the House of Correction.*

WHEREAS great inconvenience is occasioned in the administration of Criminal Justice, by reason of the House of Correction in Calcutta not having sufficient accommodation to contain all the prisoners from time to time sentenced to be there confined for divers offences, and it is desirable that the Judges of Her Majesty's High Court of Judicature at Fort William in Bengal, and the Justices of the Peace and Magistrates of Police for the Town of Calcutta, should be empowered to send prisoners to the Great Jail of Calcutta, as well as to the House of Correction; and whereas also it is desirable that the Government of Bengal should have power, in cases of over-crowding, sickness, or the like, to order the transfer of prisoners from the Great Jail to the House of Correction, and vice versa; It is enacted as follows:—

I. Sections XLVII, XLVIII, XLIX, L, LI, and LII, of Act XVIII of 1862 (to repeal Act XVI of 1852 in those parts of British India in which the Indian Penal Code is in force, and to re-enact some of the provisions thereof with amendments, and further to improve the administration of Criminal Justice in Her Majesty's Supreme Courts of Judicature), are hereby repealed, so far as they are applicable to, or have effect in, the Presidency of Fort William in Bengal, except as to any persons sentenced before the passing of this Act to rigorous imprisonment, or to imprisonment with hard labor, or to solitary confinement.

II. Whenever any person shall be sentenced by Her Majesty's High Court of Judicature at Fort William in Bengal to rigorous imprisonment, or to imprisonment with hard labor, or to solitary confinement, it shall be lawful for the Judges or Judge of the said Court to direct such person to be imprisoned either in the House of Correction, whether such House of Correction be under the control of the Sheriff or not, or in the Great Jail, as to them or him shall seem fit.

III. Whenever any person shall be sentenced by the said High Court to transportation, or penal servitude, such person may, at the discretion of the Judges or Judge of the said Court, be kept in the House of Correction whether such House of Correction be under the control of the Sheriff or not, or in the Great Jail, as the place of intermediate custody.

IV. The Sheriff shall cause any person directed under either of the last two preceding Sections to be imprisoned or kept in the House of Correction, to be delivered to the Officer in whom the control of the House of Correction is vested, or to the Keeper of such House of Correction, together with a warrant to be signed by a Judge of the said High Court authorizing the detention of such person. Such Officer or Keeper shall be bound to receive the person so delivered over to his custody, and shall be responsible for the safe custody of such person.

V. All Constables and Police Officers are hereby empowered to aid and assist the Sheriff in carrying to the House of Correction any person sentenced as aforesaid.

VI. The Sheriff shall be absolved from all responsibility in respect of the custody of any person sentenced as aforesaid to be imprisoned or kept in the House of Correction, from the time such person shall be delivered to the custody of the Officer in whom the control of the House of Correction is vested, or to the Keeper of such House of Correction.

VII. Whenever any person shall be sentenced by a Justice of the Peace or Magistrate of Police for the Town of Calcutta, to rigorous imprisonment, or imprisonment with hard labor, for any offence committed within the local limits of the ordinary original Civil jurisdiction of the said High Court, the person so sentenced may be committed by such Justice of the Peace or Police Magistrate either to the custody of the Officer in whom the control of the House of Correction is vested, or of the Keeper of the said House of Correction, whether such House of Correction be under the control of the Sheriff or not, or to the custody of the Sheriff, as to such Justice of the Peace or Police Magistrate shall seem fit. If the person so sentenced is committed to the custody of the Officer in whom the control of the House of Correction is vested, or the Keeper of the House of Correction, such Officer and Keeper shall be responsible for the safe custody of such person: if the person so sentenced is committed to the custody of the Sheriff, the Sheriff shall be responsible for his safe custody.

VIII. If it shall at any time appear to the Lieutenant-Governor of Bengal that, by reason of sickness, over-crowding, or any other cause, it is necessary or desirable that any prisoner under sentence of imprisonment in the House of Correction should be transferred to the Great Jail, or that any prisoner under sentence of imprisonment in the Great Jail should be transferred to the House of Correction, it shall be lawful for the said Lieutenant-Governor to order the transfer of such prisoner, and the prisoner shall thereupon be transferred in the manner hereinafter provided for carrying out the transfer. If the order be for the transfer of a prisoner from the Great Jail to the House of Correction, the Sheriff shall cause the prisoner to be delivered to the Officer in whom the control of

the House of Correction is vested, or to the Keeper of the House of Correction, together with the original warrant authorizing the detention of such prisoner, and the order of the Lieutenant-Governor of Bengal signed by a Secretary to the Government of Bengal ordering his transfer. Such Officer or Keeper shall be bound to receive the person so delivered over to his custody, and shall be responsible for his safe custody. If the order be for the transfer of a prisoner from the House of Correction to the Great Jail, the Officer in whom the control of the House of Correction is vested, or the Keeper thereof, shall cause the prisoner to be delivered to the Sheriff, together with the original warrant authorizing the detention of such prisoner, and the order of the Lieutenant-Governor of Bengal signed by a Secretary to the Government of Bengal ordering his transfer. The Sheriff shall be bound to receive the person so delivered over to his custody, and shall be responsible for his safe custody.

IX. And whereas certain persons under sentence of imprisonment in the House of Correction have recently been on divers occasions transferred from the House of Correction to the Great Jail, and from the Great Jail to the House of Correction: it is hereby declared, that such transfers respectively shall be held to be, and at all times to have been, legal in all respects; and that the said persons now are, and always have been, and shall continue to be until the expiration of the period of their sentences respectively, in lawful custody, whether for the time being in the custody of the Sheriff in the Great Jail, or of the Keeper or Officer having the control of the House of Correction in the House of Correction. Provided that nothing in this Section contained shall be held to render lawful the detention or custody of any prisoner whose detention or custody would have been unlawful irrespectively of such transfer.

### EAST INDIES—MALACCA STRAIT.

#### FIXED LIGHT ON CAPE RACHADO.

The Colonial Government at Singapore has given Notice, that on or about the 1st day of February 1863 a light would be exhibited from a Lighthouse recently erected on Cape Rachado in the Malacca Strait.

The light is a fixed white light, seen through an area of 180°, or when bearing from S. E. by E. round by east and north to N. W. by W. The line of northern limit of the light passes over the centre of the Bampak shoal, and touches the extreme point to the north-westward, and nearly a mile south-west of the Diana rock to the south-eastward. It is placed at an elevation of 140 feet above the mean level of the sea, and should be seen in clear weather from a distance of 20 miles. Between the bearings of S. E. by E. ½ E. and E. ½ S. a more intense light appears, which is visible at a distance of about 25 miles. The former bearing leads about a mile south-west of the Bampak, and the latter bearing in the direction of the Pyramid shoal.

The illuminating apparatus is dioptric or by lenses of the second order.

The Tower is round, about 78 feet high from base to vane, white, and stands in lat. 2° 24' 30" N., long. 101° 52' 40" east of Greenwich.

The Colonial Government of New South Wales has given Notice, that on and after the 19th day of February 1863 lights would be exhibited from two Lighthouses recently erected at Shortland Bluff, at the entrance to Port Phillip, south coast of Australia.

The higher and inner light is a fixed white light visible from seaward to vessels in the offing on any bearing between about E. by N. and North; but when close in with the Lonsdale land it will only be seen when bearing between N. E. by E. and North. Within Port Phillip heads the light will be visible from N. E. by E., round by north and west, to S. W. by W. The light is elevated 130 feet above the level of high water, and should

## FIXED LIGHT AT COTINGUIBA BAR.

The Secretary of State for the Marine Department at Rio de Janeiro has given Notice that a light is exhibited from the Watch-Tower at the bar of Cotinguiba, in the Province of Sergipe, on the east coast of Brazil.

The light is a *fixed* light, shewing *red* to the eastward, *white* to the south-east, and *green* to the southward. It is placed at an elevation of 115 feet above the mean level of the sea, and should be seen in clear weather from a distance of 6 to 9 miles.

The Watch Tower is said to stand in lat.  $11^{\circ} 1' S.$ , long.  $37^{\circ} 4' 50''$  west of Greenwich, or about  $5'$  west of that of the Admiralty Charts.

Vessels with the white or green light in sight should not stand into less than 5 fathoms water; and should anchor with the red light in sight, in 4 fathoms, over fine sand and mud. The light will disappear whilst being trimmed.

## Opium Notification.

Notice is hereby given, that the Sixth sale of Opium, the provision of 1861-62, will be held at the Exchange Hall on Monday, the 8th of June 1863, at 11 A. M., and will comprise 3,300 Chests, viz.,—

Bekah Opium	...	1,860
Benares Opium	...	1,440
Total Chests	...	3,300

2. The general Conditions of the sale now advertized will be the same as usual. They may be ascertained by reference to the Notification issued on the 8th November 1862, and published in the *Government and Exchange Gazette*, or on application at the Office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 13th and 23rd June 1863 respectively, that is to say, no Bank of Bengal Receipts, Company's Paper, or other Public Securities that may be tendered for deposit in redemption of Promissory Notes given by Purchasers in the Sale Room will be received after 4 P. M. of Saturday, the 13th June 1863, and no Bank of Bengal Receipts in full payment of

be seen in clear weather from a distance of 17 miles.

The illuminating apparatus is dioptric or by lenses of the second order.

The Tower is gray, 68 feet high, and stands N.E. by N., distant 352 yards from the low Light-house.

The low light is a *fixed red and white* light, shewing white when bearing from about N. E. by E. to N.E., red from N.E. to N. N.E., and white from N. N.E. round by north to W. by N. It is placed at an elevation of 80 feet above the level of high water. The white light should be seen in clear weather from a distance of 14 miles, and the red light at 10 miles.

The illuminating apparatus is dioptric or by lenses, and the Tower is white.

Vessels entering between the heads at Port Phillip should keep the red light in sight, and steer in with it bearing N. E. by N. and in line with the high white light. The change of color from red to white indicates an approach to the Lonsdale or Nepean reefs. The white light between the bearings of N. E. by E. and N.E. shews over the dangers extending from Lonsdale point. Between the bearings of N. N. E. to W. by N. the white light shews over the Corsair rock to a line passing from the Lighthouse through the south channel, southward of Popes eye and the black buoys, and to the northward of the white buoys, so that vessels during night with light wings or adverse tides will be aided by a bearing of the light.

The old Towers will be removed as speedily as possible.

## SWAN SPIT LIGHT.

Also, that on and after the 10th day of February 1863, the Swan spit light would be altered from red to *red and white*, so as to shew white when bearing from about E.N.E. to N. E.  $\frac{1}{4}$  E., red from N.E.  $\frac{1}{4}$  E. to N.E.  $\frac{1}{4}$  N., white from N.E.  $\frac{1}{4}$  N. to N. by W.  $\frac{1}{4}$  W., and red from N. by W.  $\frac{1}{4}$  W. round by the west to S.  $\frac{1}{4}$  W.

The red light in sight between the bearings of N. E.  $\frac{1}{4}$  E. to N. E.  $\frac{1}{4}$  N. indicates the entrance to the west channel between No. 1. black buoy and the white buoy with perch on the Royal George shoal.

## CORSAIR ROCK.

To clear the Corsair rock keep the east end of the Telegraph station open westward of the red obelisk, which is 40 feet high and standing near the site of the old Lighthouse, until the white beacon on Nepean point is open northward of the red beacon. The beacon on Nepean point open south of the red beacon leads to the southward of the rock.

Act No. XXIV of 1863.

*An Act to amend Act I of 1863 (to define the Jurisdiction and to regulate the procedure of the Courts of Civil Judicature in British Burmah, and to provide for the extension of certain Acts to the said Territory.)*

WHEREAS it is expedient to amend Act I of 1863 (to define the Jurisdiction and to regulate the procedure of the Courts of Civil Judicature in British Burmah and to provide for the extension of certain Acts to the said Territory); It is enacted as follows:—

I. It shall be lawful for the Governor-General of India in Council to invest any Court in British Burmah of the second, third, and fourth grades of Courts mentioned in Section II of the said Act I of 1863, with power to receive suits, and to take cognizance of other matters, arising within the jurisdiction of the Court so invested, which from their nature as well as in other respects may be cognizable under the provisions of the said Act by a Court of lower grade, and to try and determine the same subject to all the provisions of the said Act.

II. Appeals from orders and decisions passed by any Court invested as aforesaid, in suits or other matters of the nature described in the last preceding Section, shall lie to the Court to which appeals from orders and decisions passed by the said Court in the exercise of its ordinary jurisdiction lie under the said Act I of 1863, and

shall be subject to all the rules contained in the said Act in relation to such appeals.

III. The Court of the Deputy Judicial Commissioner at Rangoon shall, for the purposes of Act I of 1863, be a Court of a Deputy Commissioner as constituted by the said Act; and the said Deputy Judicial Commissioner shall exercise the same jurisdiction in respect to receiving, trying, and determining suits and other matters arising within his jurisdiction as Deputy Judicial Commissioner, as a Deputy Commissioner is competent to exercise under the said Act.

IV. The Code called the "Civil Code of the Province of Pegu," with exception to Chapter III of the said Code as to the limitation of suits, and Chapter XXVII relating to Stamps, shall be held to have been repealed from the twentieth day of May 1862; and on and after this said date, until the first day of May 1863, Act VIII of 1859 (for simplifying the procedure of the Courts of Civil Judicature not established by Royal Charter), as extended by the Chief Commissioner of British Burmah to the Province of Pegu, shall be held to have been in force in that Province.

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 16th May 1863, and is hereby promulgated for general information:—

ACT No. XXV OF 1863.

*An Act to empower Judges of the High Court and other authorities at Fort William in Bengal to direct convicts to be imprisoned either in the House of Correction, or the Great Jail of Calcutta; and to authorize the transfer of prisoners, in certain cases, from the House of Correction to the Great Jail, and from the Great Jail to the House of Correction.*

WHEREAS great inconvenience is occasioned in the administration of Criminal Justice, by reason of the House of Correction in Calcutta not having sufficient accommodation to contain all the prisoners from time to time sentenced to be there confined for divers offences, and it is desirable that the Judges of Her Majesty's High Court of Judicature at Fort William in Bengal, and the Justices of the Peace and Magistrates of Police for the Town of Calcutta, should be empowered to send prisoners to the Great Jail of Calcutta, as well as to the House of Correction; and whereas also it is desirable that the Government of Bengal should have power, in cases of over-crowding, sickness, or the like, to order the transfer of prisoners from the Great Jail to the House of Correction, and *vice versa*; It is enacted as follows:—

1. Sections XLVII, XLVIII, XLIX, L, LI, and LII of Act XVIII of 1802 (to repeal Act XVI of 1802 repealed in 1852 in those parts of British India in which the Indian Penal Code is in force, and to re-enact some of the provisions thereof with amendments, and further to improve the administration of Criminal Justice in Her Majesty's Supreme Courts of Judicature); are hereby repealed, so far as they are applicable to, or have effect in, the Presidency of Fort William in Bengal, except as to any persons sentenced before the passing of this Act to rigorous imprisonment, or to imprisonment with hard labor, or to solitary confinement.

II. Whenever any person shall be sentenced by Her Majesty's High Court of Judicature at Fort William in Bengal to rigorous imprisonment, or to imprisonment with hard labor, or to solitary confinement, it shall be lawful for the Judges or Judge of the said Court to direct such person to be imprisoned either in the House of Correction, whether such House of Correction be under the control of the Sheriff or not, or in the Great Jail, as to them or him shall seem fit.

III. Whenever any person shall be sentenced by the said High Court to transportation, or penal servitude, such person may, at the discretion of the Judges or Judge of the said Court, be kept in the House of Correction, whether such House of Correction be under the control of the Sheriff or not, or in the Great Jail, as the place of intermediate custody.

IV. The Sheriff shall cause any person directed under either of the last two preceding Sections to be imprisoned or kept in the House of Correction, to be delivered to the Officer in whom the control of the House of Correction is vested, or to the Keeper of such House of Correction, together with a warrant to be signed by a Judge of the said High Court authorizing the detention of such person. Such Officer or Keeper shall be bound to receive the person so delivered over to his custody, and shall be responsible for the safe custody of such person.

V. All Constables and Police Officers are hereby empowered to aid and assist the Sheriff in carrying to the House of Correction any person sentenced as aforesaid.

VI. The Sheriff shall be absolved from all responsibility in respect of the custody of any person sentenced as aforesaid to be imprisoned or kept in the House of Correction, from the time such person shall be delivered to the custody of the Officer in whom the control of the House of Correction is vested, or to the Keeper of such House of Correction.

VII. Whenever any person shall be sentenced by a Justice of the Peace or Magistrate of Police for the Town of Calcutta, to rigorous imprisonment, or imprisonment with hard labor, for any offence committed within the local limits of the ordinary original Civil jurisdiction of the said High Court, the person so sentenced may be committed by such Justice of the Peace or Police Magistrate either to the custody of the Officer in whom the control of the House of Correction is vested, or of the Keeper of the said House of Correction, whether such House of Correction be under the control of the Sheriff or not, or to the custody of the Sheriff, as to such Justice of the Peace or Police Magistrate shall seem fit. If the person so sentenced is committed to the custody of the Officer in whom the control of the House of Correction is vested, or the Keeper of the House of Correction, such Officer and Keeper shall be responsible for the safe custody of such person: if the person so sentenced is committed to the custody of the Sheriff, the Sheriff shall be responsible for his safe custody.

VIII. If it shall at any time appear to the Lieutenant-Governor of Bengal that, by reason of sickness, over-crowding, or any other cause, it is necessary or desirable that any prisoner under sentence of imprisonment in the House of Correction should be transferred to the Great Jail, or that any prisoner under sentence of imprisonment in the Great Jail should be transferred to the House of Correction, it shall be lawful for the said Lieutenant-Governor to order the transfer of such prisoner, and the prisoner shall thereupon be transferred in the manner hereinafter provided for carrying out the transfer. If the order be for the transfer of a prisoner from the Great Jail to the

House of Correction, the Sheriff shall cause the prisoner to be delivered to the Officer in whom the control of the House of Correction is vested, or to the Keeper of the House of Correction, together with the original warrant authorizing the detention of such prisoner, and the order of the Lieutenant-Governor of Bengal signed by a Secretary to the Government of Bengal ordering his transfer. Such Officer or Keeper shall be bound to receive the person so delivered over to his custody, and shall be responsible for his safe custody. If the order be for the transfer of a prisoner from the House of Correction to the Great Jail, the Officer in whom the control of the House of Correction is vested, or the Keeper thereof, shall cause the prisoner to be delivered to the Sheriff, together with the original warrant authorizing the detention of such prisoner, and the order of the Lieutenant-Governor of Bengal signed by a Secretary to the Government of Bengal ordering his transfer. The Sheriff shall be bound to receive the person so delivered over to his custody, and shall be responsible for his safe custody.

IX. And whereas certain persons under sentence of imprisonment in the House of Correction have recently been on divers occasions transferred from the House of Correction to the Great Jail, and from the Great Jail to the House of Correction: it is hereby declared, that such transfers respectively shall be held to be, and at all times to have been, legal in all respects; and that the said persons now are, and always have been, and shall continue to be until the expiration of the period of their sentences respectively, in lawful custody, whether for the time being in the custody of the Sheriff in the Great Jail, or of the Keeper or Officer having the control of the House of Correction, in the House of Correction. Provided that nothing in this Section contained shall be held to render lawful the detention or custody of any prisoner whose detention or custody would have been unlawful irrespective of such transfer.

V. The Peons who are appointed and registered in the manner above prescribed, shall be furnished, at the expense of the Government of Bengal, with a uniform belt and plate, on which shall be inscribed the Court to which the Peon belongs and the number of the Peon in the register.

VI. The Peons appointed and registered under this Act shall either receive fixed salaries or be remunerated by fees as the Government of Bengal shall direct. The amount of salary shall be from time to time fixed by the said Government.

VII. I can undertake to promise that the same favor and protection shall be continued to you so long as you merit it by good conduct and loyalty.

I have it in my power moreover at the present time to illustrate by example the interest which the British Government takes in your welfare.

Some years ago Government was invited to charge itself with the management of the State of Joolul, in consequence of the incompetence of the ruling Rana.

Government undertook this charge with reluctance, because it has no wish to assume the direct control of Native States, but rather desires to see them well administered by their own Chiefs.

Nevertheless, the able Officers in whom this task devolved acquitted themselves of their trust with so much success, that, in a short period, not by oppression or extortion but by prudence and economy they restored the finances of the State to good order and accumulated a considerable amount of surplus Revenue.

It was at one time proposed that this surplus should be expended by the British Government at its own discretion for the benefit of the State and people of Juchul, but it has now been resolved that it shall be transferred to the Rana, and that the responsibility of making a proper application of it shall devolve on him.

I accordingly avail myself of this opportunity to place these accumulations in the Rana's hands, with the expression of my hope that he will make a judicious use of them.

I trust also that the Chiefs who are assembled here to-day will learn from this example that to treat their dependants with consideration, and to abstain from wasteful and extravagant expenditure, is the surest way of advancing their own interest, and further, that the British Government is their true friend, not unwilling to help them in difficulty, but above all desirous to impart to them the knowledge which will enable them to help themselves.

I shall only add that you will most effectually second the exertion of the British Government for your good, if you do all in your power to provide a useful education for your own children."

After the concluding ceremonies His Excellency left his Seat\* and the Assembly broke up.

No. 31.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR-GENERAL OF INDIA IN COUNCIL,

MY LORD,—I TRANSMIT herewith, for the information of your Excellency's Government, a printed copy of a Treaty of Friendship, Commerce, and Navigation between Her Majesty and the Republic of Salvador.

TREATY of Friendship, Commerce, and Navigation between Her Majesty and the Republic of Salvador.

Signed at Guatemala, October 24, 1862.

[Ratifications exchanged at London, April 16, 1863.]

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and the Republic of Salvador, being desirous to maintain and improve the relations of good understanding which happily subsist between them, and to promote the commercial intercourse between their respective subjects and citizens, have deemed it expedient to conclude a Treaty of Friendship, Commerce, and Navigation, and have for that purpose named as their respective Plenipotentiaries, that is to say:

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, George Benjamin Mathew, Esquire, Her Majesty's Minister Plenipotentiary to the Republics of Central America;

And His Excellency the President of the Republic of Salvador, Senor Doctor Don Mariano Padilla, Knight of the Royal American Order of Isabel la Católica;

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles:

ARTICLE I.

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland recognizes the

sovereignty and independence of the Republic of Salvador. Consequently, there shall be perfect, firm, and inviolable peace and sincere friendship between Her Britannic Majesty and the Republic of Salvador, throughout the whole extent of their possessions and territories, and between their subjects and citizens, respectively, without distinction of persons or places.

#### ARTICLE II.

The two High Contracting Parties being desirous of placing the commerce and navigation of their respective countries on the liberal basis of perfect equality and reciprocity, mutually agree that the subjects or citizens of each may frequent all the coasts and countries of the other, and reside therein, and shall have the power to purchase and hold all kinds of property which the laws of the country may permit any foreigners, of whatever nation, to hold, and to engage in all kinds of trade, manufactures, and mining, upon the same terms with native subjects or citizens. They shall enjoy all the privileges and concessions in these matters which are or may be made to the subjects or citizens of any country; and shall enjoy all the rights, privileges, and exemptions, in navigation, commerce, and manufactures, which native subjects or citizens do or shall enjoy, submitting themselves to the laws there established, to which native subjects or citizens are subjected.

The ships of war and post office packets of each Contracting Party, respectively, shall have liberty to enter into all harbours, rivers, and places within the territories of the other, to which the ships of war and packets of other nations are or may be permitted to come; to anchor there and to remain and re-lit; subject always to the laws of the two countries respectively.

The High Contracting Parties farther engage that neither will grant any favor to any other nation, in respect of commerce and navigation, which shall not immediately become common to the other Contracting Party.

#### ARTICLE III.

The High Contracting Parties agree that, in regard to the coasting trade, the ships, subjects, and citizens of each shall enjoy, in the dominions and territories of the other, the same privileges, and shall be treated in all respects in the same manner, as national vessels, and as native subjects and citizens.

#### ARTICLE IV.

The Contracting Parties likewise agree, that whatever kind of produce, manufacture, or merchandise can be from time to time lawfully imported into the British dominions in British vessels, may also be imported in vessels of the Republic of Salvador; and that no higher or other duties upon the vessel or upon her cargo shall be levied and collected, whether the importation be made in vessels of the one country or of the other; and in like manner that whatever kind of produce, manufacture, or merchandise can be from time to time lawfully imported into the Republic of Salvador in its own vessels, may be also imported in British vessels; and that no higher or other duties upon the vessel or upon her cargo shall be levied or collected, whether the importation be made in vessels of the one country or of the other.

And they further agree that whatever may be lawfully exported or re-exported from the one country in its own vessels to any foreign country, may in like manner be exported or re-exported in the vessels of the other country; and that the same bounties, duties, and drawbacks shall be allowed and collected, whether such exportation or re-exportation be made in the British vessels, or in vessels of the Republic of Salvador.

#### ARTICLE V.

No higher or other duties shall be imposed on the importation into the British dominions of any article the growth, produce, or manufacture of the Republic of Salvador, and no higher or other duties shall be imposed on the importation into the Republic of Salvador of any article the growth, produce, or manufacture of the British dominions, than are or shall be payable on the same or the like article being the produce of manufacture of any other foreign country. Nor shall any higher or other duties or charges be imposed, in either of the two countries, on the exportation of any article to the territories of the other, than such as are payable on the exportation of the same or the like article to any other foreign country.

No prohibition shall be imposed upon the importation of any article the growth, produce, or manufacture of the territories of either of the two Contracting Parties into the territories of the other, which shall not equally extend to the importation of the same or the like article being the growth, produce, or manufacture of any other country; nor shall any prohibition be imposed on the exportation of any article from the territories of either of the two Contracting Parties to the territories of the other, which shall not equally extend to the exportation of the same or the like article to the territories of all other nations.

#### ARTICLE VI.

The subjects and citizens of one of the Contracting Parties shall enjoy, in the dominions, possessions, and territories of the other, equality of treatment with native subjects and citizens, or with the subjects and citizens of the most favored nation in regard to warehousing, transit, and re-export, and also in regard to bounties, facilities, and drawbacks.

#### ARTICLE VII.

No duties of tonnage, harbour, pilotage, light-house, quarantine, or other similar or corresponding duties, of whatever nature or under whatever denomination, levied in the name or for the profit of the Government, public functionaries, corporations, or establishments, of whatever kind, shall be imposed in the ports of either country upon the vessels of the other country, which shall not be equally imposed in the like cases on national vessels.

#### ARTICLE VIII.

In order to prevent the possibility of any misunderstanding it is hereby declared that the stipulations contained in the preceding Articles are, to their full extent, applicable to British vessels and their cargoes arriving in the ports of Salvador, and reciprocally to the vessels of the said Republic and their cargoes arriving in British ports, whether they proceed from the ports of the country to which they respectively belong, or from the ports of any other foreign country; and, in either case, no discriminating duty shall be imposed or collected in the ports of either country.

on the said vessels or upon their cargoes, whether such cargoes shall consist of native or foreign produce or manufacture.

#### ARTICLE IX.

All vessels which, according to the laws of Great Britain, are to be deemed British vessels, and all vessels which, according to the laws of the Republic of Salvador, are to be deemed vessels of that Republic, shall, for the purposes of this Treaty, be deemed British vessels and vessels of Salvador respectively.

#### ARTICLE X.

It is likewise agreed that it shall be wholly free for all merchants, commanders of ships, and other subjects or citizens of both countries, to manage, by themselves or agents, their own business in all the ports and places subject to the jurisdiction of each other, as well with respect to the consignment and sale of their goods and merchandize, by wholesale or retail, as with respect to the loading, unloading, and sending off their ships; they being, in all these cases, to be treated as subjects or citizens of the country in which they reside or are conducting their business, and to be subject to the laws of that country.

#### ARTICLE XI.

Whenever the citizens of either of the Contracting Parties shall be forced to seek refuge or asylum in the rivers, bays, ports, or dominions of the other with their vessels, whether merchant or of war, public or private, through stress of weather, pursuit of pirates or enemies, or want of provision or water, they shall be received and treated with humanity, and all favour and protection shall be given to them for repairing their ships, procuring provisions, and placing themselves in a situation to continue their voyage without obstacle or hindrance of any kind.

#### ARTICLE XII.

If any ship of war or merchant-vessel of either of the High Contracting Parties should be wrecked on the coast of the other, such ship or vessel or any parts thereof, and all furniture and appurtenances belonging thereunto, and all goods and merchandize which shall be saved therefrom, or the produce thereof if sold, shall be faithfully restored to the owners, upon being claimed by them or by their duly authorized agents; and if there are no such owners or agents on the spot, then the said ships, or parts of ships, furniture, appurtenances, goods and merchandize, or the proceeds thereof if sold, as well as all the papers found on board such wrecked ship or vessel, shall be delivered to the British Consul or Vice-Consul, or to the Consul or Vice-Consul of the Republic of Salvador, in whose district the wreck may have taken place, upon being claimed by him, and on his giving a receipt or acknowledgment for the same; and upon payment by such Consul, Vice-Consul, owners, or agents, of only the expenses incurred in the preservation of the property, and of the salvage and other expenses which would have been payable in the like case of a wreck of a national vessel. The charge for such salvage or other expenses shall be made and settled immediately subject to such right of appeal on the part of the person paying the same as may exist in the respective countries. The goods and merchandize saved from the wreck shall not be subject to duties, unless cleared for consumption; in which case they shall be liable only to the same duties as if they had been imported in a national vessel.

#### ARTICLE XIII.

The subjects and citizens of either of the two Contracting Parties in the territories of the other shall be at full liberty to acquire, possess, and dispose of, whether by purchase, sale, donation, exchange, marriage, testament, succession *ad intestato*, or in any other manner whatever, every description of property which the laws of the country may permit any foreigners, or whatsoever nation to hold. Their heirs and representatives may succeed to and take possession of such property, either in person or by agents acting on their behalf, in the ordinary form of law, in the same manner as subjects or citizens of the country; and in the absence of such heirs and representatives, the property shall be treated in the same manner as the like property belonging to a subject or citizen of the country under similar circumstances.

In none of these respects shall they pay upon the value of such property any other or higher impost, duty, or charge than is payable by subjects or citizens of the country. In every case the subjects and citizens of the Contracting Parties shall be permitted to export their property, or the proceeds thereof; British subjects from the territory of Salvador, and Salvador citizens from the British territory, freely, and without being subjected on such exportation to pay any duty as foreigners, and without having to pay any other or higher duties than those to which subjects or citizens of the country are liable.

#### ARTICLE XIV.

Both Contracting Parties promise and engage formally to give their special protection to the persons and property of the subjects or citizens of each other, of all occupations, who may be in the territories subject to the jurisdiction of one or the other, transient or dwelling therein, leaving open and free to them the tribunals of justice, for their judicial recourse, on the same terms which are usual and customary with the native subjects or citizens of the country; for which purpose they may either appear in proper person, or employ, in the prosecution or defence of their rights, such advocates, solicitors, notaries, agents, and factors as they may judge proper, in all their trials at law; and such citizens or agents shall have free opportunity to be present at the decisions or sentences of the tribunals in all cases which may concern them, and shall enjoy in such cases all the rights and privileges accorded to native subjects or citizens.

#### ARTICLE XV.

In the event of any subject or citizen of either of the two Contracting Parties dying without will or testament in the dominions or territories of the other Contracting Party, or in the absence of lawful heirs or representatives, the Consul-General, Consul, or Acting Consul of the nation to which the deceased may belong, shall, so far as the laws of each country will permit, have the right, after a duly made and attested inventory has been signed by him, to take possession and charge of the property which the deceased may have left, for the benefit of his lawful heirs and creditors, giving immediate notice of the death to the authorities of the country.

#### ARTICLE XVI.

The subjects of Her Britannic Majesty residing in the Republic of Salvador, and the citizens of the

Republic of Salvador residing in the dominions of Her Britannic Majesty, shall be exempted from all compulsory Military service whatsoever, whether by sea or land, and from all forced loans, or Military exactions or requisitions; and they shall not be compelled, under any pretext whatsoever, to pay any ordinary or extraordinary charges, requisitions, or taxes, other or higher than those that are or may be paid by native subjects or citizens.

#### ARTICLE XVII.

It is agreed and covenanted that neither of the High Contracting Parties shall knowingly receive into, or retain in, its service, any subjects or citizens of the other Party who have deserted from the naval or military service of that other Party; but that, on the contrary, each of the Contracting Parties shall respectively discharge from its service any such deserters, upon being required by the other Party to do so.

And it is further agreed, that if any of the crew of any Merchant-vessel of either Contracting Party shall desert from such vessel within any port in the territory of the other Party, the authorities of such port and territory shall be bound to give every assistance in their power for the apprehension of such deserters, on application to that effect being made by the Consul of the Party concerned, or by the deputy or representative of the Consul, and any person knowingly protecting or harbouring such deserters shall be liable to punishment.

#### ARTICLE XVIII.

British subjects residing in the territories of the Republic of Salvador shall enjoy the most perfect and entire liberty of conscience, without being annoyed, molested, or disturbed on account of their religious belief. Neither shall they be annoyed, molested, or disturbed in the proper exercise of their religion, in private houses, or in the chapels or places of worship, destined for that purpose, provided that in so doing they observe the decorum due to Divine worship, and the respect due to the laws of the country. Liberty shall also be granted to bury British subjects who may die in the territories of the Republic of Salvador, in convenient and adequate places, to be appointed and established by British subjects for that purpose, with the knowledge of the local authorities, or in such other places of sepulture as may be chosen by the friends of the deceased; nor shall the funerals or sepulchres of the dead be disturbed in any wise or upon any account.

In like manner, the citizens of Salvador shall enjoy within the dominions of Her Britannic Majesty a perfect and unrestrained liberty of conscience, and of exercising their religion within private houses, or in the chapels or places of worship destined for that purpose, agreeably to the laws of those dominions.

#### ARTICLE XIX.

For the better security of commerce between the subjects and citizens of the two High Contracting Parties, it is agreed that if at any time any rupture, or any interruption of friendly intercourse, should unfortunately take place between the two Contracting Parties, the subjects or citizens of either of them, established in the territories of the other, who may reside upon the

coasts, shall be allowed six months, and those who may reside in the interior a whole year, to wind up their accounts and to dispose of their property; and a safe-conduct shall be given to them to embark at the port which they themselves shall select. The subjects or citizens of either of the two Contracting Parties who may be established in the dominions or territories of the other, in the exercise of any trade or other occupation or employment, shall be allowed to remain and continue in the exercise of the said trade or occupation, notwithstanding the interruption of friendship between the two countries, in the free enjoyment of their personal liberty and property, so long as they behave peaceably and observe the laws; and their goods and effects, of whatever description they may be, whether in their own custody or entrusted to individuals or to the State, shall not be liable to seizure or sequestration, or to any other charges or demands than those which may be made upon the like effects or property belonging to native subjects or citizens. In the same case debts between individuals, public funds, and the shares of companies, shall never be confiscated, sequestered, or detained.

#### ARTICLE XX.

It shall be free for each of the two Contracting Parties to appoint Consuls for the protection of trade, to reside in the dominions and territories of the other Party; but before any Consul shall act as such, he shall, in the usual form, be approved and admitted by the Government to which he is sent.

The Diplomatic Agents and Consuls of each of the two High Contracting Parties in the dominions or territories of the other, shall enjoy whatever privileges, exemptions, and immunities are or shall be granted there to Agents of the same rank, belonging to the most favoured nation.

#### ARTICLE XXI.

The present Treaty shall remain in force for the term of twenty years from the day of the exchange of ratifications; and if neither Party shall notify to the other its intention of terminating the same, twelve months before the expiration of the twenty years stipulated above, the said Treaty shall continue binding on both Parties beyond the said twenty years, until twelve months from the time that one of the Parties may notify to the other its intention of terminating it.

#### ARTICLE XXII.

The present Treaty of Friendship, Commerce, and Navigation shall be ratified, and the ratifications shall be exchanged at London as soon as possible within six months from this date.

In witness whereof, the respective Plenipotentiaries have signed the same, and have affixed thereto their respective seals.

Done at Guatemala, the twenty-fourth day of October, in the year of Our Lord one thousand eight hundred and sixty-two.

## FINANCIAL DEPARTMENT.

No. 2425.

Fort William, the 8th June 1863.

*Extract from the Proceedings of the Government of India, in the Financial Department, under date the 8th June 1863.*

READ the following papers regarding Rules for Leave of Absence and Pensions to Uncovenanted Servants:—

A Memorial on the subject from Uncovenanted Servants in the three Presidencies.

Letter from the Supreme Government to the Right Hon'ble the Secretary of State for India, No. 42 of 15th June 1861, forwarding the above Memorial, and one from Officers of the Education Department in Bengal, with other correspondence, regarding Pension Rules for Educational Officers.

Financial Letter from the Right Hon'ble the Secretary of State, No. 205 of 8th December 1862.

ORDERED, that an extract, paragraphs 1 to 18, of the Despatch of the Secretary of State, be published in the *Calcutta Gazette* for general information, and for the guidance of the several Departments of the Supreme Government, of the Local Governments and Administrations, and of all Officers and Departments concerned.

*Extract (Paragraphs 1 to 18) from a Financial Despatch from the Right Hon'ble the Secretary of State for India, to the Right Hon'ble the Governor General of India in Council, No. 205 of 1862, dated the 8th December.*

I HAVE considered in Council the Memorial from the Uncovenanted Servants of the several Governments in India, praying for modifications in the existing Rules which govern the grant to them of pensions and leave of absence, together with your Public Letters, dated the 8th and 15th June 1861, Nos. 37 and 42; 6th August 1861, No. 56, and your Financial Letter, dated the 4th August 1862, No. 110, on the same subject.

2. The great body of the Uncovenanted Servants of India have always been Natives; and it has been the just and wise policy of the Government to employ, as largely as they could with advantage, the Natives of India in the administration of their own country. It is still the desire and intention of Her Majesty's Government that whilst, to a certain extent, European agency beyond the Covenanted Servants must always be employed in various situations, Natives of India should constitute the great majority of the Uncovenanted Servants in India.

3. Your Government points out the impossibility of making any distinction between Europeans and Natives. In that opinion I entirely concur, and whilst, therefore, I cannot but admit that there are differences of various kinds in the circumstances of persons of the different races who are employed in the Uncovenanted Service of India, it appears to Her Majesty's Government to be indispensable that the Rules to be laid down should be such as are applicable to the whole of that body, of whom the great majority are, and must always be, of Native race and of Native habits.

4. I think there is, however, sufficient ground for an exception as regards Educational Officers, and Law Officers, and Native Judges. In those

cases a previous course of study, and, in many instances, practical experience is required, and there is consequently reason for making a distinction in regard to that class of servants whose claims will therefore be separately considered.

5. I now proceed to convey to you the decision of Her Majesty's Government, as to the general body of Uncovenanted Servants.

6. It has been decided that no Uncovenanted Servant shall in future be allowed to count for pension any period of service antecedent to his having attained the age of 22 years, and, in calculating the period of service required by this Despatch as a qualification for pension, the period must be reckoned from that age.

7. The allowances to be granted to Uncovenanted Servants on retirement are in future to be as follow, viz:—

On production of such Medical Certificates as shall satisfy the Government, under which the applicant may be serving, of his incapacity to serve longer in India:

1. Under fifteen years' service,—a gratuity not exceeding twelve months' salary.

2. After fifteen years' service,—one-third of his salary, (and of his personal allowance, if any,) provided that in no case shall a pension be granted exceeding the sum of Rupees 3,000 per annum, whatever the amount of salary, nor of Rupees 2,000 per annum, if the salary shall not exceed Rupees 12,000 per annum.

3. After twenty-five years' service,—one-half of his average salary, (and of his personal allowance, if any,) during the previous five years, provided, however, that in no case shall a pension be granted exceeding Rupees 5,000 per annum, whatever the amount of salary, nor exceeding Rupees 4,000 per annum, if the salary shall not exceed Rupees 12,000 per annum.

After thirty years' service, or upwards, a pension may be granted, without production of Medical Certificate, of the same amount and subject to the same limitation as that sanctioned for twenty-five years' service on Medical Certificate.

8. The period of service which is to be admitted in considering a claim to pension must be continuous; but in case of the abolition of the office held by an Uncovenanted Servant, and his being subsequently employed by Government, his first period of service is to be taken into account.

9. Pensions of the full amount stated are to be granted only as the reward of approved service. In any case in which an Uncovenanted Servant, without having incurred the penalty of removal from Government employ, shall, nevertheless, in the opinion of the Government under which he has been serving, not be entitled to the full amount of pension, the Local Government will make such a reduction in the amount of pension as it shall consider just.

10. These pensions have hitherto been payable only in India. As a rule, Europeans on being pensioned desire to return to this country, and they are consequently under the necessity of employing an agent in India to receive and remit their pensions. If the pensions are allowed to be paid in England, the delay, risk, and inconvenience of agency will be saved, while the charge to Government would be very inconsiderable. Her Majesty's Government have therefore decided that each Uncovenanted Servant shall, on retire-

ment, have the option of drawing his pension either in India or from the Home Treasury. After exercising his option on retirement, he may, at a subsequent period, change the place of payment from England to India, or *vice versa*. This change can, however, be allowed but once.

11. The rate of exchange is an important consideration in regard to payment in England. Her Majesty's Government will not now fix any permanent rate for the purpose, but as a rate of exchange, based on the intrinsic value of the rupee, and the market price of bills, is annually fixed in communication with the Lords of the Treasury for the adjustment of transactions between the British and Indian Exchequers, which rate is applied to family remittances of Officers serving in India, the same rate appears to be equitable for the payment in England of the pensions of Uncovenanted Servants and is therefore to be adopted.

12. I am desirous of being furnished with a list of the Uncovenanted Servants who are entitled to the benefit of the Pension Rules; and it must be understood that it is not now intended to grant the benefit of those Rules to any of the lower grades of servants who are not at present entitled to pension.

13. An Uncovenanted Servant may, under the existing Rules, be granted, on sufficient cause being shown, leave on private affairs for six months in one period, retaining his office with half salary up to 600% per annum, which is the maximum amount allowed to be drawn. This leave may be repeated after intervals of six years, and is allowed to count for pension. Leave of this description may still be granted, but the period of absence will not be allowed to count for pension, and the option may be given to Uncovenanted Servants of taking in lieu of the above leave a furlough for one year after ten years' residence, and a second furlough also for one year after eighteen years' residence in India, such absence being limited to two years during the whole period of service. For such periods an absentee, whose salary does not exceed Rupees 200 per annum, may be allowed to draw one-half salary; provided, however, that it shall not exceed Rupees 800 or 80% per annum. If the absentee's salary shall be

Above Rupees 200, and not exceeding Rupees 400 per month, he may be granted an allowance of Rupees 1,300 or 130% per annum.

" 400. „ Rs. 700 „ „ 2,000 or 200% „ „ 700 „ „ 1,200 „ „ 3,000 „ 300% „ „ 1,200 „ „ „ „ 4,000 „ 400% „ „ 1,200 „ „ „ „ 4,000 „ 400% „

On taking leave on private affairs for the first time after the publication of the new Rules, an Uncovenanted Servant must decide whether he will apply for six months' leave on private affairs, or for one year's furlough, and having once exercised his option, and obtained leave accordingly, he will not, during the remainder of his service, be eligible to the other description of leave.

14. In regard to absence on Medical Certificate, an Uncovenanted Servant, under the existing Rules, may be granted leave of absence for three years during the whole period of his service, of which two may be continuous, and two only can be counted as service qualifying for pension. For one year of the entire period the absentee may draw half, and during the remainder one-third of his allowances limited, however, to 600% per annum.

15. Instead of the period of leave now allowed Her Majesty's Government authorize the grant of leave of absence, on Medical Certificate, with allowances, to the extent of three years, in two periods, of which not more than two years may be taken at one time.

16. For the first fifteen months of each period the absentee may be allowed one-half salary, provided that it shall in no case exceed 600% per annum; and for the remainder of his absence, within the prescribed limit, he may be allowed one-fourth of his salary, limited to 800% per annum.

17. If any further leave should be applied for on Medical Certificate, it may be granted as exceptional leave but without any allowance.

18. These periods of absence on Furlough and Medical Certificate are not to count for pension; but privilege leave in India may be allowed for one month in each year, which is not, however, to accumulate, and the grant of which must be always subject to the condition that no inconvenience or charge shall be caused to Government thereby; this privilege leave will count in the period of service qualifying for pension.

#### No. 2426.

*Notification.*—The following revised Rules for the grant of Leave of Absence to Uncovenanted Civil Servants are published by order of His Honor the President in Council for general information and guidance:—

### LEAVE OF ABSENCE TO UNCOVENANTED SERVANTS.

These Rules are applicable to all Officers of the Uncovenanted Civil Service receiving salaries of not less than Rupees 100 a month, whether they receive their appointments direct from Government or from Heads of Offices and Departments.

The following are the kinds of leave allowed:—

- I. Leave on Medical Certificate.
- II. Leave on Private Affairs and Furlough.
- III. Privilege Leave.
- IV. Preparatory or Additional Leave.

#### General Rules.

1. All applications for leave must be made publicly, through the regular channel, in the Department to which the applicant belongs.

2. Officers appointed by Government can obtain privilege leave from the Heads of their respective Departments when the latter are duly authorised to exercise this power. But in other cases leave must be granted by the Government.

3. Officers appointed by Heads of Offices and Departments can obtain any leave under these Rules without reference to Government; but the Authorities granting such leave must forward to the Civil or Military Audit Office which passes the Pay Bill of their Establishment a monthly return of the leave granted by them according to the Form given in Appendix A.

4. Absence without leave will involve loss of salary and render the absentee liable to loss of appointment.

5. No leave of absence shall have retrospective effect, except in case of severe illness, to be attested by a Medical Certificate in the prescribed Form.

6. Applications for leave on Medical Certificate must be accompanied by a statement from the Medical man by whom the applicant has been attended, distinctly stating, from personal observation, the nature of the disease, its symptoms, causes, and duration, so far as the knowledge of the Medical Officer extends, and by a Certificate from the chief Medical Officer of the Station or District, or, if at a Presidency Town, from a Presidency or other Official Surgeon, certifying, after careful personal investigation, the necessity for temporary removal, and the period for which absence is to the best of his judgment absolutely requisite for restoration to health. If the requisite leave be for a longer period than six months, the Certificate must be countersigned by the Superintending Surgeon of the Division in which the applicant may be employed. In cases of leave beyond sea, the Certificate must be also submitted, with the statement of the case, for the countersignature of the Principal Inspector-General of the Medical Department.

7. An application for extension of leave must, if the applicant be in India, be accompanied by a Certificate to a like effect from the Medical Officer by whom the applicant is attended, together with a statement shewing sufficient reason for the extension solicited, and such Certificate must be countersigned by the Principal Inspector-General of the Medical Department, or by the Superintending Surgeon of the Division in which the applicant may be residing. If the applicant shall have proceeded beyond the territories under the Government of India, he must furnish a Certificate and Statement to the required effect from a Surgeon or Physician at the place of his temporary residence by whom he has been attended; such attendance, and the period of it, to be stated, and the Certificate to be countersigned, after *personal* examination, by the examining Physician of the India Office, if the absentee is in England,—or by the Principal Medical Authority of the Colony or country to which the absentee may have proceeded.

8. If any of the above particulars be neglected, or the omission of any one of them unsatisfactorily explained, the leave will be refused.

9. Leave on Private Affairs and Furlough will be granted by Government, or by authorised Officers, on sufficient cause being shown, and when the concession of the indulgence may in no way interfere with the interest of the Public Service.

10. When an Officer on leave in England is permitted by the Home Government to return to duty by a particular vessel, this permission, if necessary, will be held equivalent to an extension of leave until the arrival in India of the vessel on which the Officer is permitted to return.

11. Leave on Medical Certificate, with allowance, is limited to the extent of three years in two periods, of which not more than two years may be taken at one time. Should any further leave be applied for on Medical Certificate, it may be granted, but without any allowance.

12. Leave on Private Affairs and Furlough, with retention of office, may be granted as follows:—

1st.—Leave on Private Affairs;—for six months in one period, which leave may be repeated after intervals of six years.

2nd.—Or a Furlough—for one year after ten years' service, and a second Furlough, also for one year, after eighteen years' service in India, such absence being limited to two years during the whole period of service.

13. On taking leave under the preceding Rule, for the first time, an Officer must decide whether he will apply for leave on Private Affairs, or for Furlough, and having once exercised his option and obtained leave accordingly, he will not, during the remainder of his service, be eligible to the other description of leave.

14. Furlough, and Leave on Private Affairs, taken in India, will reckon from the date of leaving office to the date of return thereto. Furlough, and Leave on Private Affairs, taken beyond India will reckon from the sailing of the vessel on which the Officer embarks to the date of his return to India.

15. Furlough or Leave on Private Affairs cannot be taken in continuation of privilege leave.

16. Privilege leave, when it can be granted without injury to the Public Service, and without additional expense to the State, may be allowed for not more than one month in each Calendar year, to be taken either in one period or in not more than two instalments. This leave is not allowed to accumulate, and will, therefore, lapse if not taken within the year.

17. Privilege leave for one month in each Calendar year may be allowed to Officers who have not been absent on leave for eleven months immediately preceding; unless they took their last privilege leave in two instalments, in which case the indulgence will not be available until eleven months after the expiration of the first instalment, and six months after expiration of the second instalment of the previous year's privilege leave.

18. Preparatory or additional leave is allowed to Officers proceeding to or from a sanatorium on Medical Certificate, or to or from the port of embarkation from India to Europe on Private Affairs, Furlough, or Medical Certificate, and is limited to such period as the authority granting leave may think sufficient. Officers proceeding from Presidency Towns on sick leave beyond Sea will be allowed fourteen days for preparation.

19. Officers retiring from the Service on pension will be allowed fourteen days' leave on half pay, provided the indulgence can be given without detriment or extra expense to the Public Service.

### Absentee Pay.

20. Absentee pay, if at half salary, shall in no case exceed Rupees 6000 or £ 800 per annum,—or if at one-fourth salary, shall not exceed £ 300 per annum. Within these limitations Absentee Pay will be given as follows:—

I. To an Officer absent on sick leave in or out of India—half salary for the first fifteen months of each period of absence, and one-fourth salary during the remainder of his absence on allowances.

II. To an Officer on leave on private affairs—one-half of his salary for a period not exceeding six months of continuous absence, and for any further period of preparatory leave which may be granted to him. But if an Officer absent on private affairs obtain an extension of leave on Medical Certificate, he will be subject for the whole period of his absence to the rules for sick leave.

III. To an Officer proceeding on furlough whose salary does not exceed Rupees 200 per month—one-half of his salary, provided, however, that it shall not exceed Rupees 800 or £ 80 per annum. If the absentee's salary shall be—

Above Rs. 500, and not exceeding Rs. 400 per month, he may be granted an annual allowance of	Rs. 1,200 or £ 150

" " 1,500 " " " " " "	" 3,000 " £ 375
" " 2,000 " " " " " "	" 3,600 " £ 450

IV. To an Officer on preparatory leave—one-half salary before commencement of other leave, and—on return from leave—one-half or one-fourth salary, or furlough pay, according to the rate of salary he may be then drawing.

V. To an Officer on privilege leave—full pay.

21. An Officer who overstays privilege leave by not more than one month will forfeit pay for the period in excess, but if he exceed his leave by more than one month his office will become vacant. An Officer on privilege leave who may resign the service, or who may obtain sick leave without first re-joining, will in the former case, forfeit his salary for the period of privilege leave, and in the latter case be subject to the Rules for sick leave for the whole period of his absence.

### Rules for joining Office.

Time allowed for joining an appointment will be fixed by the Authority conferring the appointment.

An Officer entering the service of the Government is not entitled to any salary before joining his appointment, but when transferred from one appointment to another of equal or higher value, he will draw so much of the salary of his new office as may be equal to that of his former appointment.

### Payments of Absentee Allowances.

22. Officers absent on privilege leave cannot draw pay until their return to duty.

23. Officers proceeding to England on Furlough, or on Private Affairs, or on Medical Certificate, must obtain Certificates from the Civil Pay-Master, in the Form given below, for submission to the India Office on their arrival in London.—

24. But if they desire to draw their allowances through their Agents in India, the latter must execute a guarantee to refund over payments. When Officers remain in India and draw their allowances themselves, and attach to their Bills life Certificates attested by a Deputy Magistrate or a Covenanted District Officer, they will not be required to furnish any security.

**Notification.**—The following revised Rules for the grant of Pensions and Superannuation Allowances to certain classes of Uncovenanted Servants are published by order of His Honor the President in Council for general information and guidance:—

**PENSION RULES for Uncovenanted Servants other than Educational Officers, Law Officers, and Native Judges, receiving more than Rupees 10 a month, and belonging to classes eligible to Pension under the Orders of Government.**

#### GENERAL RULES FOR APPLICATIONS FOR PENSION.

Applications for pension must be submitted in a letter to Government by the Head of the Office or Department in which the applicant may be employed, who shall certify that the character, conduct, and past service of the applicant are such as to entitle him to the favorable consideration of Government.

2. Every application shall be accompanied by a Register prepared according to Form A. in the Appendix. In cases of other than a Good Service Pension every application shall be accompanied by a Medical Certificate, stating the applicant's incapacity for further service, with the cause thereof, and that it has not been induced by irregular or intemperate habits.

3. Applicants for a Superannuation Allowance must be examined by the Principal Inspector-General of the Medical Department, if serving at the Presidency, or by a Military Invaliding Committee, if serving elsewhere within a moderate distance of a Station at which a Military Invaliding Committee is periodically assembled. It is optional, however, with the Local Government to accept the Certificate of a single Medical Officer, or to convene a Special Invaliding Committee at a convenient Civil Station, if the applicant be serving at an inconvenient distance from a Station where a Military Invaliding Committee can be assembled.

4. Good Service and Superannuation Allowances on retirement, sanctioned under these Rules by the Local Governments, will be reported to the Government of India in Quarterly Returns in the Form given in Appendix B.

#### ALLOWANCES ON RETIREMENT.

5. On production by an applicant of such Medical Certificates as shall satisfy the Government, under which he may be serving, of his incapacity to serve longer in India, he will be allowed—

I. Under fifteen years' service, a gratuity not exceeding twelve months' salary.

11. After fifteen years' service, one-third of his average salary, (and of his personal allowance, if any,) during the previous five years, provided that in no case shall a pension be granted exceeding the sum of Rupees 3,000 per annum, whatever the amount of salary, nor of Rupees 2,000 per annum, if the salary shall not exceed Rupees 12,000 per annum.

111. After twenty-five years' service, one-half of his average salary, (and of his personal allowance, if any,) during the previous five years, provided, however, that in no case shall a pension be granted exceeding Rupees 5,000 per annum, whatever the amount of salary, nor exceeding Rupees 4,000 per annum, if the salary shall not exceed Rupees 12,000 per annum.

6. After thirty years' service or upwards a pension may be granted, without production of Medical Certificate, of the same amount and subject to the same limitation as that sanctioned for twenty-five years' service on Medical Certificate. This pension, as the reward of faithful, efficient discharge of duty for thirty years, is termed a Good Service Pension.

7. Pensions of the full amount authorized in paragraphs 5 and 6 are to be granted only as the reward of approved service. In any case in which an Uncovenanted Servant, without having incurred the penalty of removal from Government employ, shall, nevertheless, in the opinion of the Government under which he has been serving not be entitled to the full amount of pension; the Local Government will make such a reduction in the amount of pension as it shall consider just.

8. The foregoing rates of pension and gratuity are applicable also, without the production of a Medical Certificate of unfitness for service, to Officers discharged on reduction of Establishment.

#### SERVICE TOWARDS PENSION.

9. Dismissal for misconduct entails forfeiture of the benefit of past service.

10. Service as a substitute does not count towards pension.

11. Periods of service before the age of 22, or of absence on other than privilege leave and preparatory leave, shall not count towards pension.

12. The whole of the service, in virtue of which pension is claimed, must have been passed in an eligible grade and on a permanent Establishment; but claims barred by this Rule will be specially considered if the promotion to an ineligible grade was bestowed as a reward for meritorious service or for good conduct.

13. The period of service must be continuous, but in case of the abolition of the office held by an Officer, and his being subsequently employed by Government, his first period of service is to be taken into account.

## GRATUITIES.

14. When an Officer is discharged with a gratuity under these Rules on reduction of Establishment, the gratuity will not be given to him in one sum, but in monthly instalments of a month's pay until the full amount is exhausted. Should he be re-employed before or after the period for which gratuity is allowed, he will have the option of refunding the gratuity and recovering his former service, or of forfeiting that service by retaining the gratuity. In the latter case, any balance of gratuity remaining undrawn at the date of his re-employment may be paid to him.

## PAYMENT OF PENSIONS.

15. Payment of pension will commence from the date on which the applicant ceases to be

borne on the Establishment, or from that of his application, whichever may be the later date.

16. No pension shall be payable in arrear, for a period exceeding six months, without the express sanction of the Government obtained through the Civil Pay-Master,—unless the cause of the suspension of payment shall have been the neglect, order, or act of some public Officer and beyond the control of the Pensioner, when the Civil Pay-Master, on a reference being made to him, shall exercise his discretion in passing arrears for payment, or submit a representation of the case for the information and orders of Government, as he shall consider proper.

18. An Officer shall, on retirement, have the option of drawing his pension either in India or from the Home Treasury. After exercising his option on retirement, he may, at a subsequent period, change the place of payment from England to India, or *vice versa*. This change can, however, be allowed but once. The payments in England will be made at the rate of exchange which is annually fixed in communication with the Lords of the Treasury for the adjustment of transactions between the British and Indian Exchequers.

Extract from the Proceedings of the Government of India, in the Financial Department, under date the 8th June 1863.

READ letter No. 111 of 6th August 1862, to the Right Hon'ble the Secretary of State, regarding the limitation to 500/ per annum of the maximum pension to Uncovenanted Officers.

Read reply thereto in paragraphs 19 to 24 of the Despatch from the Secretary of State, No. 205, dated 8th December 1862.

ORDERED, that the foregoing correspondence be published for general information :—

FINANCIAL DEPARTMENT.

No. 111 of 1862.

TO THE RIGHT HON'BLE SIR C. WOOD, BART., M. P.,  
Secretary of State for India,  
Fort William, the 6th August 1862.

SIR,—THE Rules of the 4th January 1831, regarding the grant of pensions to Uncovenanted Servants, restrict the amount of pension to half salary for those who have served for thirty years or more (except as regards Law Officers and Native Judges, in whose case twenty-two years' service is sufficient) and to one-third for those who have served for a shorter period, not less than twenty years (fifteen years being substituted for twenty in the case of Law Officers and Native Judges).

2. Referring, however, to the extension of the service and the alteration in the prospects of its members since the Rules were passed, the late Court of Directors decided, in their Despatch No. 21, dated the 28th February 1855, that 500/ per annum should be the maximum pension to be

granted to Uncovenanted Officers "hereafter appointed to the Service." Accordingly, as respects all Uncovenanted Officers who entered the Service prior to that date, the Rules of 4th January 1831 continue to be applied, and with reference to the continually increasing number of highly paid appointments which are now thrown open to Uncovenanted Servants, the Government

• The date of the orders of the Government of India, notifying the decision of the Court of Directors in their Despatch No. 21 of 1855.

of Bombay, anticipating that the State will become saddled with large pensions payable on their retirement from the Service, have addressed us proposing that "before any Uncovenanted Servant who shall have entered the Service before the 19th May\* 1855 is promoted to an appointment the salary of which is Rupees 10,000 per annum and upwards, he shall be called upon to renounce formally any claim to pension beyond the sum of 500/ per annum."

3. The restriction proposed by the Bombay Government is in itself quite reasonable, and the only doubt we find regarding it is whether it is the proper way of attaining the object, in view.

4. The Uncovenanted Service, it seems to us, cannot claim to have any rights under the Rules of 1831 beyond what may be considered to arise out of the general pledge which those Rules may be taken to give, that a member of that service when rendered incapable of further duty shall not be discharged without some pensionary support. As regards the amount of pension to be given, the Rules merely fix a limit which is not to be exceeded; and although it has, with rare exceptions, been the practice to allow the highest pension of which the Rules allow, this practice cannot be admitted to confer on the Uncovenanted Service any right to claim that maximum in all cases without any regard whatever to the original design and scope of the Rules.

5. The Rules of 1831 were obviously not framed with a view to the duties and emoluments of the high offices which are now bestowed on the Uncovenanted Service.

6. Apart from any question of construction of the Rules as they stand, we see no ground for holding that the Government in passing the Rules of 1831 pledged the State to allow pensions on the scale, and according to the conditions therein prescribed, to all Uncovenanted Servants who were at that time in the Public Service, or who might enter the Service while the Rules yet remained in force.

7. It appears to us that it was always open to the Government to modify these Rules whenever it might in good faith consider that the public interests called for their modification; and when it appeared that the circumstances of the Uncovenanted Service were becoming rapidly changed, and that the Rules which were framed chiefly in reference to Natives of India, among whom at that time it is probable that no salary higher than 500 or 600 Rupees a month would have been found, were claimed as applicable to a class of appointments for which they never were meant to provide, we consider that the Government would have been perfectly justified in framing new Rules and making them applicable to all classes of appointments which were plainly not included within the original intention of the Rules of 1831. This would have been a direct, and in our judgment a very legitimate way of attaining the object, which it is now proposed to attain by the somewhat doubtful proceeding of refusing promotion to a deserving Officer, unless he will consent to abandon that to which it is assumed he has a right under the existing Rules.

8. We incline to think, notwithstanding the difficulty which is undoubtedly caused by the Proceedings of 1855, referred to in the second paragraph of this letter, that even now it will be better that the Government should assert its right to alter the Rules of 1831, as regards all appointments clearly not embraced by the original intention of those Rules, and to declare such alteration applicable to all Uncovenanted Servants whether they entered the Public Service before 1855 or since.

9. But if this be done it may be right, perhaps, having regard to the expectations which must naturally have been created by the order of 1855, to allow the full advantages of the Rules of 1831, with respect to all appointments made up to the present time and held by Officers who entered the Public Service before 1855. Thus, such an Officer already holding an appointment of Rupees 1,500 a month will, on superannuation after twenty-two or thirty years' service, according to the class of appointment, be able to claim a pension up to 400*rs.* a year; but he will not, if hereafter promoted to higher emoluments, be able to claim a still larger pension calculated on those higher emoluments.

10. The distinction which will thus be made between persons (all having entered the Public Service before 1855) who have already obtained promotion to high and lucrative employment, and those who are yet looking for such promotion,

may possibly appear unreasonable and invidious, but it will not really affect the latter class more injuriously than will the proposal submitted by the Government of Bombay, and it is a course which, on the whole, seems to us less open to objection than the Bombay plan.

11. We request the favor of an early decision upon this reference.

We have, &c.,

FORT WILLIAM.  
The 8th August 1862. }

*Extract (Paragraphs 19 to 24) from a Financial Despatch from the Right Hon'ble the Secretary of State for India, to the Right Hon'ble the Governor General of India in Council, No. 205 of 1862, dated the 8th December.*

PARA. 19.—I HAVE also had under consideration your Financial Letter, dated the 6th August 1862, No. 111, in which you refer to a proposition made by the Government of Bombay in reference to the restriction on the maximum amount of pension prescribed in the Financial Despatch of the Court of Directors to the Government of India, dated the 28th February 1855, No. 21.

20. That Despatch fixed the sum of 500*rs.* as the maximum pension to be granted to "Uncovenanted Servants hereafter appointed to the Service." The Government of Bombay consider that it would be expedient to require any Uncovenanted Servant, who entered the service before the date of the orders of your Government on the Despatch of the Court of Directors, and who shall hereafter be promoted to an appointment, the salary of which is Rupees 10,000 per annum and upwards, to renounce formally any claim to pension beyond the sum of 500*rs.* per annum.

21. In reference to that opinion of the Government of Bombay, you observe that the Uncovenanted Service "cannot claim to have any rights under the Rules of 1831, beyond what may be considered to arise out of the general pledge which those Rules may be taken to give, that a member of that service, when rendered incapable of further duty, shall not be discharged without some pensionary support. As regards the amount of pension to be given, the Rules merely fix a limit which is not to be exceeded, and although it has, with rare exceptions, been the practice to allow the highest pension of which the Rules allow, this practice cannot be admitted to confer on the Uncovenanted Service any right to claim that maximum in all cases without any regard whatever to the original design and scope of the Rules."

22. You nevertheless consider that, with reference to the Order of 1855, it may be right "to allow the full advantages of the Rules of 1831, with respect to all appointments made up to the

"present time and held by Officers who entered the Public Service before 1855. Thus, such an Officer already holding an appointment of Rupees 1,500 a month will, on superannuation after twenty-two or thirty years' service, according to the class of appointment, be able to claim a pension up to 900% a year, but he will not, if hereafter promoted to higher emoluments, be able to claim a still larger pension calculated on those higher emoluments."

23. I must observe that, under the existing Pension Rules, an Uncovenanted Servant is not entitled to claim a pension of the full amount which is only authorized as the reward of approved service, and when the Rules were framed it could not have been contemplated that a larger pension than 500% per annum could ever be granted.

24. Under any circumstances, therefore, the full pension should only be awarded in cases of extraordinary merit.

Act No. V of 1863.

*An Act to amend the law relating to the employment and remuneration of Peons for the service and execution of the process of the Civil and Revenue Courts.*

**Whereas** it is expedient to amend the law relating to the employment and remuneration of Peons for the service and execution of the process of the Civil and Revenue Courts of the Provinces subject to the Government of Bengal; It is enacted as follows:—

**I. Section XIV of Regulation XXVI. 1814** (for modifying some of the Rules at present in force regarding the admission and trial of special and summary appeals from decisions passed in regular suits; for limiting and altering some of the existing provisions respecting the pleadings and processes, and the mode of executing decrees and regular suits and appeals; and for explaining and making certain additions to the provisions of Regulation I. 1814, Section V of Regulation VII. 1832 (for modifying certain of the provisions of Regulation V. 1831, and for providing supplementary Rules to that enactment), and Act XIV of 1845 (to provide for the appointment of Nazirs in the Mooniffs' Courts)—are hereby repealed, so far as the same relate to, or have effect in, the Provinces subject to the Government of Bengal, respectively.

**II.** Subject to the general instructions and approval of the Government of Bengal, the Judges of the several Zillah Courts, Collectors' Courts, and Courts of Small Causes, in the said Provinces, shall, as soon as conveniently may be after the passing of this Act, fix the number of Peons necessary to be employed for the service and execution of processes issued out of such Courts respectively; and the Judge of every Court subordinate to a Zillah Court or to a Collector shall, subject as aforesaid and to the approval of the Zillah Judge or Collector to whom he is subordinate, fix the number of Peons necessary for the service and execution of processes issued out of the Court in which he presides; and the number of Peons so fixed shall be appointed for such Zillah Courts, Collectors' Courts, Small Cause Courts, and Subordinate Courts, respectively.

**III.** The appointment of Peons under the last preceding Section shall be made, subject to the approval of the Judge of the Court, by the Nazir of the Court in which the Peons are employed, or in the case of a Small Cause Court by the Clerk of the Court where there is such an Officer; and every such appointment shall be registered in the Court with the name of the Peon, his age, his place of abode, his father's name, and date of appointment.

**IV.** No person shall not be appointed and registered as a Peon in the manner hereinbefore provided, shall be employed in the service or execution of the process of any Court without the special leave of such Court. The Court granting such special leave shall record its reasons for so doing.

**V.** The Peons who are appointed and registered in the manner above prescribed, shall be furnished, at the expense of the Government of Bengal, with a uniform belt and plate, on which shall be inscribed the Court to which the Peon belongs, and the number of the Peon in the register.

VI. The Peons appointed and registered under this Act shall either receive remuneration of fixed salaries; or be remunerated by fees as the Government of Bengal shall direct. The amount of salary shall be from time to time fixed by the said Government.

VII. The cost of serving or executing the process of the several Courts shall, subject to the approval of the Government of Bengal, be fixed by the Judge and Collector of each District respectively, with due regard to the distance at which service or execution is to take place from the Court whence the process is issued. A Table in the English and Vernacular languages, shewing the amount chargeable for such service and execution, shall be exposed to view in a conspicuous part of each Court.

VIII. On every process issued for service or execution by any Peon appointed under this Act, there shall be endorsed the name of the Peon deputed to serve or execute the same, the period within which the Peon is required to certify service or execution, the amount payable for the service or execution of the process, and the date of payment, and such endorsement shall be signed by the Nazir, or Clerk of the Court.

IX. The money paid under this Act for the service or execution of processes shall be carried to the credit of the Government of Bengal, and shall be formed into a fund out of which the salaries or fees of the Peons appointed under this Act shall be paid. Any surplus that may accrue from such fund, after paying the salaries or fees of the Peons, shall be disposed of by the Government of Bengal in such manner as shall to the said Government seem proper.

X. A regular account of all moneys received into and paid out of Court under this Act shall be kept, and extracts from this account shall be forwarded to the Government of Bengal at such times, and in such form, as such Government shall direct.

XI. Every process issuing out of a Civil Court, and served or executed under this Act, shall be held to be a process within the meaning of Section 188 of the Code of Civil Procedure, and Section 2 of Act XXIII of 1861.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA.

Simla, the 8th June 1863.

No. 72A. of 1863.—The following Military Letter from the Right Hon'ble the Secretary of State for India, to His Excellency the Right Hon'ble the Governor General of India in Council, No. 158, dated 30th April 1863, is published for general information:—

INDIA OFFICE;  
London, 30th April 1863.

MILITARY.

No. 158.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL,

MY LORD,—*Para. 1.*—I HAVE received and considered in Council your Letter No. 45, dated 4th February 1863, inviting a re-consideration of the decision conveyed in my Despatch No. 429, of the 13th November 1862, that Field Officers of the Staff Corps must be held to be in the same position as regards qualification for Staff employ as the effective Field Officers of a Regiment.

2. You observe that in the British Service substantive Field Officers, if not effective Field Officers of Regiments, can hold the appointments of Brigade Major or Aide-de-Camp, and that several substantive Field Officers, unattached, appear to be holding those situations at Home and in the Colonies.

3. You consider the position of an unattached Officer somewhat similar to that of an Officer of the Staff Corps.

4. I have requested the opinion of His Royal Highness the Field Marshal Commanding-in-Chief upon the subject, and have pointed out to His Royal Highness that Officers of the Staff Corps have been declared subject to the Regulation which limits their tenure of such appointments to five years, and that the effect of calling upon them to vacate on promotion to the rank of Field Officer would be to throw an increased number on the unemployed list.

5. His Royal Highness has informed me, in reply, that he concurs in the opinion I had expressed as to the inexpediency of multiplying occasions upon which Officers of the Staff Corps may be called upon to vacate appointments and remain unemployed.

6. His Royal Highness observes that in the British Service Field Officers on full pay are not allowed to hold Staff appointments, as they have important regimental duties to perform from which they cannot be spared, but this is not the case with Officers of the Staff Corps, who may be employed in any capacity most convenient to the Government of India.

7. His Royal Highness is of opinion, therefore, that they should be treated as are unattached Officers on half pay in the British Service.

8. Officers of the Staff Corps will not be required, therefore, to vacate their appointments on promotion, but their rank, on first appointment, should be that laid down in the Queen's Regulations as qualifying for the appointments in question, and they will still be subject to the five years' limitation rule.

I have, &c.,
